Feedback From the Community

PYS has been an excellent resource for us while we care for our special needs granddaughter. Our social worker was an excellent guide through the complexities of the school and governmental support policies, and a great representative when we met with school teams. She truly cared about our granddaughter and was a great emotional support for her.

You were an important part of our family's year. We will be eternally grateful.

I would like to thank you for how much you have helped me improve over these 3 years and how many strategies I have developed!! I would not have been able to do it without your awesome encouragement and hugs!!

Thank you for helping me deal with my anger this year. It was really nice to have someone to talk to who could help me with problems I faced.
