Our social workers at Pittsford Youth Services, Inc. (PYS) are committed to caring for children who do not know the joys of childhood as well as helping all children realize their promise for the future.

PYS offers professional support through confidential counseling services provided in the schools and in the Pittsford community by our licensed master level social workers. Stress, anxiety, bullying, depression, eating disorders, divorce, alcohol and drug use are among the issues our children face and impact our children’s ability to have an emotionally healthy childhood.

As PYS enters its **41st year** of serving the Pittsford community, we would like to remind you of why we are here—to ***help every child feel valued and for every child to know that the future has promise and hope.*** We make a difference and we want the youth in our community to feel that they can make a difference, too.

Pittsford Youth Services receives funding from several sources: Pittsford Central School District, Town, Village, and houses of worship. This funding, along with our annual fundraising events, is not sufficient to support the services and activities we provide. Despite these difficult economic times, we are asking for your kind financial support. A monetary donation allows us to continue to provide social work services and implement programs that directly impact the community.

On behalf of PYS, we thank you in advance for your support of the work of our organization, for your belief in the children of our community, and for your generosity.

Your donation is vital to our organization and will make a difference.

Sincerely,

Virginia David
Board President

Lisa Fulmer
Executive Director
